EDWIN NEWMAN: "President Kennedy teday continued to solless the support of preminent Americans for his Tature plans in Cube, though there is as yet no clear word on what those plans will be. Governor Rockefeller of New York was at the White Rowse and said it was time for all Americans to stand behind the President ink whatever action is necessary to defend freedem. Vice President Johnson flew to Independence, Risseuri to see fermer President Truman, and said he would take back to Mr. Kennedy strong pledges of support, and personal good will wishes from Mr. Truman. In washington, many high officials, including the President, are saiding in reporters for talks about Cube, but not illowing their sames to be connected with what they said. One of heese officials looky defended the CENTRAL INTELLIGENCE AGENCY, which has been classed of fumbling the operation in Guba. This official said the cilitary power of the Castro regime before President Kennedy authorized the invasion.

of more than 900 prisoners allegedly septured in the legion.
